

No Interest Tree Declaration

You can use this document to declare to Northpower that you have no interest in a tree/s on your land in accordance with regulations 15 and 16 of the Electricity (Hazards from Trees) Regulations 2003 (**Regulations**) and to request that Northpower trims or removes the tree/s.

A no interest letter will be accepted if the trees were naturally self-sown or if at the time of planting the owner could have reasonably believed the trees would not interfere with the power lines. A no interest letter will not be accepted for trees that were planted, where it would not have been reasonable to believe the tree would not interfere with the power lines.

Northpower will consider this declaration and let you know if it is accepted or declined.

Date:

Owner Details

Name:

(Please provide your full name or a contact name if you are a trust or incorporated company)

I am the: **Owner** **Occupier** at the following address where the tree/s are located:

(Please provide site address and a rapid number if applicable)

Street Address:	Suburb:
Town/City:	Postcode:

Contact Details

Town/City:	Postcode:
Phone Number:	
Email:	

Tree/s Details

Notice Reference:

(If this is in response to a Cut or Trim Notice, Tree Maintenance Agreement or Hazard Notice, please copy the document reference number here)

For voluntary no interest notices please provide details for Northpower to be able to identify the tree/s and location, this could include tree species, maps, photos etc.

Planting Details: I confirm that: (please select only one option)

- The tree/s were naturally sown (self-seeded)
- The tree/s were planted before 28 January 2004 and the tree owner believed on reasonable grounds that they would not interfere with nearby electricity lines or cables when fully grown.

The tree/s were planted after 28 January 2004 and the tree owner believed on reasonable grounds that they would not encroach the "growth limit zone" as defined in the Regulations.

I would like Northpower to cut or ground level the tree/s **BUT** none of the above options apply or I am not sure which one applies.

Additional Information:

I would like to add the following additional information: (is there anything else you need to tell us about the trees, the Property, access issues or your declaration?)

[Add information here]

I acknowledge and agree the following: (please tick as applicable)

I have no interest in the tree/s described in this form. I request that Northpower either trims or removes the tree/s (at its determination). I consent to Northpower and its approved contractors entering the property at the address described above for this purpose for as long as I own/occupy the Property and should I sell the described property or lose my authority to provide consent I will notify Northpower immediately.

Northpower may elect, depending on species, to poison the specified tree/s and return at a later date to follow up poisoning any re-growth. In this event you will be notified on the supplied contact details prior to work commencing and you may be required to keep animals and people clear of the site.

Northpower relies on the information provided in this declaration when assessing whether to accept or not accept my request. I have authority to make this declaration (including the authority to consent to the tree being trimmed or removed) and it is correct to the best of my knowledge.

Northpower or one of its approved contractors may leave all debris and tree trunks and limbs on site in a safe condition.

Next Steps

Please save & complete this document and email back to vegetation@northpower.com, or send to Vegetation Manager, Northpower Ltd. Private Bag 9018, Whangarei 0148.
